There is not only a scarcity of dwelling houses in Scotland Neck but there is not a vacant store in town. We had a letter this week from a merchant asking if he could get a store here. Why not let us have some more dwelling houses and stores right away.

The new drug store will be known as "The North End Drug Store" and will be managed by Messrs. Joe House and Jim Ed. Messers, as proprietors. They are two of our popular young men and much success is predicted for them. The store will open just as soon as the fixtures can be set up.

Prof. W. T. Swanson.

Prof. W. T. Swanson, organizer of the Farmers Union, delivered a lecture in Madry's opera house Thursday night of last week. His lecture was very interesting and to the point. He showed very clearly what the farmer could do if they would organize and pull together. We are sorry that more of our people did not hear Mr. Swanson.

We regret that there was some misbehavior on the part of some young people who came in during the lecture to take part in a rehearsal after the lecture was over. Their continual talking and laughing showed very ill manners, to say the least, not only for the speaker who was a stranger, but far less for the older people in the audience. It made those present hang their heads in shame to know that there are people in Scotland Neck that could act as these did. May the like never occur again.

Coming Monday Evening, Feb. 23.

Dr. Frank Dixon, one of America's greatest platform lecturers, will lecture in the School Auditorium for the benefit of the school, this coming Monday evening, February 23rd, promptly at 7:30. The lecture will commence a little earlier than usual so that those who have accepted an invitation to attend the Colonial Ball given by Mr. and Mrs. Purinton can attend both.

Every person young and old who can understand him should avail themselves of the rare opportunity to hear Dr. Dixon. There is every prospect of a crowded house and it will be well to have your seats reserved as early as possible. Admission fee 50 cents.

We here give a few of the many extracts from the American Press: Mr. Dixon is tall and of a dignified bearing, and has many facial expressions almost as he has words. Those who heard him said: The greatest thing I have ever heard. I am sorry he stopped. Although he spoke for two hours, instead of the usual mad rush for wraps and the door, the audience waited, seeming to hope that he would return. Frank Dixon has kept four thousand people spell-bound for one hour and forty minutes. His hearers sit spell-bound under the power of the fervent utterances of the man, who delivers his message with invincible logic. He is full of wit, humor and pathos. His tongue cuts like a razor, shen soothes like a lullaby. Dr. Dixon unquestionably stands in the front rank of platform orators. He is master of an audience. As an orator he is eloquent, striking, dramatic and forceful.

People from a distance can reach Scotland Neck on train in both directions in time for the lecture. We sincerely hope will give Dr. Frank Dixon, who is so well known by the people of this community, a large and appreciative audience. Look for the posters in the store windows. THE COMMITTEE.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists. 75c. Take Hall's Family Pills for constipation.

I have found Gowans so efficient and reliable. Preparation in all cases where a powerful count or irritant is needed, and also possessing such decided anodyne properties that I cannot resist the desire to use it as far and every superior to any preparation of its class that has come under my observation. I do not think any household can afford to be without it and I shall most certainly advise all druggists of my acquaintance to stock up with it.
